CONTRIBUTIONS TO SPECIFICATIONS AND STANDARDS

81. IEEE P2274. Standards for Adaptive Instructional Systems. (Pending Approval)
82. IEEE P7919.1. Requirements for eReaders to Support Learning Applications (In Progress, WG Chair)
83. IEEE P1589. Using Augmented Reality to Create Learning Environments. (In Sponsor Ballot)
84. ADL Initiative, Shareable Content Object Reference Model, v1.1, 1.2, and 2004
85. IEEE 1484.20.1-2007. Data Model for Reusable Competency Definitions. (Published 2007, pending approval for revision in 2018).
86. IEEE 1484.4-2006 Trial Use Recommended Practice for Digital Rights Expression Languages (DRELS) Suitable for eLearning Technologies
87. IEEE 1484.11.3-2005. Standard for Learning Technology Extensible Markup Language (XML) Schema Binding for Data Model for Content Object Communication. (Published 2005, under revision 2018).
88. IEEE 1484.12.3-2005 - IEEE Standard for Extensible Markup Language (XML) Schema Definition Language Binding for Learning Object Metadata
89. IEEE 1484.11.1™-2004 Data Model for Content Object Communication.
90. IEEE 1484.11.2™-2003. IEEE Standard for Learning Technology — ECMAScript Application Programming Interface for Content to Runtime Services Communication
91. Advanced Distributed Learning initiative. (October 2003). Cross-Domain Scripting Issue
92. IEEE 1484.12.1-2002. IEEE Standard for Learning Object Metadata
93. The IMS Global Learning Consortium, October 2002). IMS Reusable Definition of Competency or Educational Objective Best Practice and Implementation Guide, V 1.0.
94. Friesen, N., Mourad, M., Robson, R. (2002). Towards a Digital Rights Expression Language Standard for Learning Technology: A Report of the IEEE Learning Technology Standards Committee Digital Rights Expression Language Study Group.
